PRO BONO PROGRAM: Legal Support Services for Public Interest Cases

For over 16 years, TLS has been the leading provider of global legal support services to the world's preeminent legal professionals, earning the trust of every Global 100 and Am Law 200 firm.

As part of our commitment to supporting our clients and the communities they serve, we created the TLS Pro Bono Program—the first program of its kind that allows law firms to earn free legal support services for their public interest cases.

“Our pro bono client from Cameroon for whom TransPerfect completed a number of translations in recent months was granted asylum yesterday! Thank you very much to you and your translation teams for your excellent work on this matter. I look forward to working with you again in the future.”

— McDermott Will & Emery LLP

How it Works

TransPerfect Legal Solutions (TLS) has completed over 120,000 legal projects since our inception. As a thank you to our loyal clients, and to help us uphold our commitment to charitable giving, we created the TLS Pro Bono Program. By enrolling in this program, law firms earn credits for free services every time they use TLS for their regular paid cases. These credits can be redeemed by anyone within the law firm, regardless of location, and applied to pro bono work.

As an added benefit, when you consolidate your outsourcing needs with TLS, your firm receives volume discounts on our full suite of legal support services.

Our Full Suite of Legal Support Offerings Includes:

- Certified Document Translation
- Simultaneous & Consecutive Interpretation
- Certified Transcription
- On-Site Document Review
- Full-Service E-Discovery Processing
- Web-Based Hosting and Review
- Court Reporting
- Legal Staffing
- Reprographics
