

TRANSPERFECT DEAL INTERACTIVE

Virtual Data Room Services
For Bankruptcy and Restructuring

Here's what a few of our financial and legal clients had to say:

“We have used your competitor's services, and frankly Deal Interactive is faster and easier to use, not to mention more cost effective. Our clients will appreciate that.”

“Your help desk is absurdly responsive—especially for 3 am on a Saturday.”

“Thanks again to you and your team. ‘Best ever diligence process’ is the only way to describe our experience.”

WHY TRANSPERFECT?

TransPerfect Deal Interactive virtual data rooms (VDRs) are the ideal tool to help streamline communications and document management during any bankruptcy case or restructuring transaction under Chapter 11. The many parties involved in bankruptcy cases—from law firms and advisors to banks, creditors, and courts—can work collaboratively online to draft, edit, and execute sales agreements within our secure, VDR environment.

KEY FEATURES

- **Online Access** – Our staff gather, scan, and organize all relevant contracts from disparate geographical locations and corporate departments in one central online repository, thus eliminating travel to multiple debtor sites as well as drastically reducing the associated overheads
- **Convenient Organization** – Run entire deals from start to finish under one single application, empowering you to manage multiple deals simultaneously
- **Speed** – Deal Interactive's staff have extensive experience with all phases of bankruptcy and restructuring proceedings as well as the associated documentation, which means your VDR can be fully functional just a few days after your first call
- **Security** – Your VDR is hosted in a SAS 70 Level II compliant facility and is encrypted with multiple layers of security and audit controls
- **Ease of Use** – Site deployment requires minimal training for users and administrators. Designed to reduce extra mouse-clicks and data-entry screens, TransPerfect Deal Interactive allows users to save time and minimize the risk of errors.

DEDICATION YOU CAN TRUST

For over a decade, TransPerfect has been a trusted name in business and legal support services for leading financial institutions and every member of the AmLaw 200. We bring that same level of commitment to client service and unparalleled expertise to provide you with cutting-edge online collaboration tools. Our dedicated account managers and technical specialists are available around the clock to meet your every need.

Streamline workflows, accelerate the communication process, and save on due diligence costs for bankruptcies and restructurings.
